Builder: ☐☐	Dave Griffin/ Vigormax Malaysia
Location: ☐☐	Sydney, NSW
Price: ☐☐☐	\$ 295,000

Samarkand is from the design studio of Iain Murray & Andrew Dovell, she is a light displacement cruiser/racer featuring a clean and efficient deck and luxurious interior. With just one owner since new she has been meticulously maintained and upgraded and continues to be competitive in IRC racing. Originally launched in 2001 with a triple spreader aluminium mast she was upgraded in 2012 with a twin spreader carbon fibre mast. She then participated for two years in the CYCA's Ocean Points Score series and in 2018 she was further upgraded with a new keel designed by Andrew Dovell. Samarkand is a great option for cruising around, and fun regattas.
