She was launched as "Sambria II" in 2006 with the vision to have a classic gentleman's cruiser with all modern conveniences.

She was specifically designed to be operated in Southern Hemisphere conditions, with particular attention paid to cruising the very remote North of Australia. As such, the vessels construction, fuel range and systems onboard have all been carefully considered to be incredibly robust and reflect the systems often found on much larger superyachts! Parriwi 100 is a luxury vessel with sophisticated interior design. Her layout has four guest cabins, all with ensuites. She is also capable of carrying up to four crew onboard to ensure a relaxed onboard experience for her guests. Timeless styling, beautiful furnishings and high-quality finishes feature throughout Parriwi 100 to create an elegant and comfortable atmosphere for all onboard.
