

Inventory

Carkeek Fast 40 "Victoire"

Specifications

Reference/Stock No	VICTOIRE
Make	Fast 40
Hull Material	Carbon and Nomex
Length	40
Price	\$455,000
Region	NSW
Vessel Name	VICTOIRE
Launch Year	2011
Beam	3.8 m
Draft	2.97 m
Displacement	3895 Kg
Keel/balast	High tensile steel fin with composite fairings with lead bulb @ 2,098kg and upgraded Titanium interior top plate
Designer	Carkeek
Builder	McConaghy Boats China

Engine / Machinery

Engine Description	<p>Engine Make: Lombardini LDW 702. 439hrs Propeller/ drive: Custom McConaghy Retractable drive unit with universal thrust bearing and bronze 3-blade propeller and titanium propeller shaft Fuel Type: Diesel Fuel Capacity: 50L in reinforced plastic fuel tank Steering system: High Modulus Carbon fibre/ foam rudder, carbon rudder stock and tiller with Spinlock extension. JP3 upper and lower self aligning rudder bearings</p>
--------------------	---

Deck Hardware / Fittings

Deck Description	<p>Harken deck hardware throughout with the following:</p> <ul style="list-style-type: none"> -□Harken Winch package. 5 x Performa 50-2 winches for pit, mainsheet and runner -□2 x Harken 50.3 self tailing primary winches which are driven by pedestal -□Harken MX pedestal with under-deck shaft drive and spin-drop wheel/ string drop system -□Spinlock jammers throughout -□Un-reel spinnaker sheet reeler -□Spinlock engine gear/ throttle control
------------------	--

Hydraulics: Harken hydraulic package which includes:

- 2-speed harken pump
- 3 function panel on-deck with shared Mast jack/ deflector function valve at mast base. This operates the following functions/ rams:
- Forestay ram (in bow)
- Backstay deflector ram (at mast base)
- Mast jack (internal)
- Mast butt fore/aft (mounted on mast base)
- Harken oil reservoir
- Kevlar reinforced plumbing throughout

Cockpit: Racing Cockpit layout with offset to starboard pit area, low profile tiller and aft positioned grinding pedestal. Other features include:

- Custom companionway hatch and removable wash boards
- Underdeck rope leads for spinnaker sheets (jammers under deck)
- Underdeck halyard and tackline leads
- Pedestal driven primary winches
- Foam cockpit floor deck grip
- Carbon mainsheet/ helmsman foot bars
- Propulsion up/down control

Foredeck: Non-skid finished foredeck with minimal fittings. Features include:

- Carbon fibre bow sprit with twin tack lines
- Carbon/ e-glass pullpits with integral nav lights (single leg- open to bow sprit) stanchions and pushpits. Forward stanchions and lifelines fitted with spinnaker drop/ jib rollers
- Jib tack trench with adjustable jib tack
- Siding forward hatch with fairings for spinnaker drop system
- Rebated Spinnaker staysail furler
- Moulded integral tow rail
- Underdeck Rope lead jib sheeting system

Accommodation	Accommodation Description	Accommodation: Mostly un-painted, lightweight interior with: <ul style="list-style-type: none"> -□4 x alloy pipe cots (currently removed) -□Companionway ladder/ engine box -□Removable 3 burner gas cooker -□Removable chemical toilet -□Esky -□Swivel Navigation computer station
Galley	Galley Description	Esky and removable 3 burner gas cooker
Safety Equipment	Safety Gear	Bilge Pump System: The boat is fitted with 2 x Johnson SPX Flow 1000GPH electric bilge pumps located just forward of the mast. There is another

smaller electric bilge pump aft and 2 x Manual bilge pumps (on deck and under deck) with lightweight plumbing throughout

Safety gear: Safety gear is CAT 5 (full itemised list still TBC) but includes:

- Lifejackets/ teathers
- Lifesling and MOB horse Shoe
- Deck navigation compass mounted in cockpit
- Grab bag
- Anchors and ground tackle as required
- First aid kit
- Cassette emergency rudder and tiller for OS racing

Electrics / Electronics

Electrics

Electrics: All 12v system onboard with 2 x 90 amp Super-B lithium house batteries and 1 x 55 amp start battery with isolation switches and emergency parallel switch. Removable Everdrive 12V 20 amp Battery Charger and 240V shore power cable

8 x breaker switch board and LED monitor to control the following functions:

- Electronics
- Navigation lights
- Interior red/ white lights
- 2 x 12V outlets
- Bilge pumps
- VHF radio
- Computer/communications

Instruments / Navigation

Electronics / Navigation: B&G H3000 Sailing processor electronics system which includes:

- 5 x 20/20 B&G mast displays in carbon mast bracket
- 2 x Garmin GMI 20 displays on aft cockpit sides
- 1 x B&G H3000 GFD on forward cockpit
- Additional Halcyon Gyro Compass processor
- B&G Motion sensor
- KVH Gyro Compass
- Precision 9 GPS Aerial
- Panasonic Tough Book laptop nav computer on custom swivel bracket and Panasonic F2-GI Deck screen
- String pot linear sensors for Forestay, deflector position
- Carbon VMH unit and speed/ depth thru hull sensors and AIS

Communications:

- B&G/ Simrad V50 DSC VHF radio and wireless command mic
- Moxa Network hub for computer/ nav connectivity, onboard wifi and 4G cellular modem
- FB150 satellite phone (note- TBC if included)

Sail / Rigging	Sail Inventory	TBC
	Mast / Rigging	Mast/ Spars and Rigging: Southern Spars High Modulus 2-spreader rig with Southern boom: -□EC-6 Carbon rigging -□Halyard locks for jib, 2 x spin and mainsail -□Gorilla headfoil -□Internal mast jack with shim plates and adjustable mast base -□4:1 adjustable backstays (EC-6) -□Soft vang with boom vang strut -□Reaching strut with quick connect fittings on mast -□Underdeck halyard leads with integral composite deck tie rod -□1:2 Backstay deflector located at hounds -□Regularly updated running rigging and spares
Miscellaneous	General Remarks	Extras: 2 x De-humidifiers, 1 x Aqua-vac, Mooring, lines, fenders, Covers, Spares and dock box, Watermaker TBC Cradle: Yes, for road transport
