

Catalina 320

General Specs

Make and Model	Catalina 320
Designer	Gerry Douglas
Builder	Catalina Yachts (USA)
Year	1996
Location	Sydney
Price	\$92,500

Highly respected 32 foot yacht from US builder, Catalina. Well built and excellent performers, these Catalinas have always retained good value and been in demand. Great club racers and enjoyable to sail, well fitted out interior for cruising with 2 double berths and a galley with gas oven and cooktop, a Catalina 320 is the perfect all rounder in a very manageable size. Quinta has just been antifouled and would be a great boat for the upcoming winter combined club races in Sydney Harbour. Quinta has the performance keel and a 2 blade prop, shaft driven, providing minimum resistance with good stability.

The aft double cabin is surprisingly large for a 32 footer and includes a seat, a bed backrest for lounging and cupboards. There is also an enclosed head with shower.

Just hauled for antifoul, propspeed, and engine service.
