The Catalina 36 Mk II is widely acknowledge as one of the best boats in this size range. They combine a nice sailing hull with a good amount of performance. Many of these boats have crossed oceans and cruised far and wide. On other side they are a very acceptable club racers, with good stability and balanced helm. The layout is spectacular, with 2 x large double berths, and a generous head shower with shared access. Magnificat is among the best we have seen. One really good and experienced owner means the level of care has been exception. You will find a clean and well maintained boat, ready for new adventures.
