

CNB 66

General Specs

Length	20.60 m
Beam	5.51 m
Draft	2.40 m
Year	2018
Location	Auckland, New Zealand

She was launched from the CNB factory in Bordeaux, France in early 2018 (Hull # 4) and shipped to New Zealand. She has always been professionally maintained by full time crew and her presentation is better than a new boat. She is based in Auckland, New Zealand and ready for her next adventurous owners. Aela has cruised around New Zealand and the Pacific and served her owners and crew well, proving this Briand designed 66-footer is a perfect long-range, blue Water sailing yacht. CNB set out to create a safe and fast yacht with excellent finishes, high quality equipment and ease of handling.

No expense has been spared to keep this yacht in pristine condition and the owners and crew completed an extensive Upgrade refit in early 2020. List of works carried out is listed below.
