

Dufour 56

General Specs

Length	17.15 m
Draft	2.50 m
Beam	5.05 m
Year	2019
Location	Montenegro (Spain later this year)
Price	\$ 710,000 AUD

At 17,25 metres, the Felci designed Dufour 56 is a large volume Ocean capable cruising vessel. With her very modern 'wedge' shape and flat run aft, she has all the advantages in speed and reaching performance, moderate heeling angles, and exceptional space down below and in the cockpit. 'Smooth Operator' has a very extensive specification. She is well tested and proven. The four cabin layout suits a larger family, or ability to take groups of friends. She is a fast, easy to manage vessel, with the size to make her a great choice for Ocean adventures, or luxury cruising. Last antifoul: May 2026, engine and generator services June 2025.
