

# VICSAIL

## JF 39

### General Specs

Length	12 m
Beam	3.75 m
Draft	1.35 m
Year	1995
Location	Rose Bay, NSW
Price	\$ 85,700

The JF 39 is a small series designed specifically for open water long distance cruising by Naval Architect Jacques Fauroux. Her current owner has sailed from France to Australia single handed.

Her strip plank construction with bi axial fibreglass and epoxy make for an excellent weight to stiffness ratio. She is exceptionally bright below with 8 x brand new hatch windows fitted in 2022, offering great cross ventilation in tropical locations. She has excellent head room at 1.93m and a shallow draft of 1.35m providing access to places you wouldn't normally get to with other keel boats. Simplicity, reliability and solidly constructed 'Dolphin Street' is very seaworthy boat and ready for her next adventure.
