The Marten range are truly beautiful performance yachts, renowned for their build quality, integrity of design and style.

'Caol Ila' is as smooth and sleek as the whisky it is named after. A Reichel/Pugh designed 67 footer is all smooth fast lines outside with a very sleek, stylish interior.

Azzura yachts Australia focused on the production of the ultimate performance cruising / racing yachts.

Full carbon fibre construction and a lift keel for improved draft and performance, uncluttered deck arrangement with concealed sheets, flush hatches and pop up cleats.

A custom interior design by New York designer Ali Tayar makes use of Carbon fibre as a stylish construction material for parts of the fitout including contrasting cupboard doors and the main bathroom sink unit and head.

Classified EC Category A, new E6 Carbon standing rigging for race set up and Nitronic rod rigging for cruising set up. Joystick controlled mainsheet, hydraulic sail trim controls and a full suite of North Sails 3Di offshore sails.

You need to sail this yacht to truly appreciate her stylish simplicity and exceptional sailing qualities

For the owner who wishes to combine the excitement of a performance racing yacht with the ability to make fast comfortable passages, short-handed or cruising. And look good doing it.
