Accommodation

Accommodation Description

Accommodation for 10 guests is in spacious luxury including 5 cabins. Furthermore, the Sunreef 80 Sailing "Bundalong" boasts vast saloon with multiple entertaining areas. Also, saloon galley and large outdoor areas on the bow, aft deck and flybridge.

The custom interior accommodation areas are finished in "Hampton style", to create a luxurious but homely feel and is very light and bright. The main saloon has high ceilings and is totally open with full-height surround windows, and all cabins have large living spaces, high end finishes and large in-hull windows.

Cabin Layout:

2 x VIP Mid-ships double cabins with ensuite and enclosed showers plus walk-in robes
 2 x Forward double cabins with ensuite and enclosed showers
 1 x Twin bed cabin (Starboard aft) with ensuite and enclosed shower
 1 x triple crew cabin (Port aft) with

ensuite and in-room shower

All the guest cabins share the same Hamptonâ€™s detailing and finishing. The spaciousness of the cabins and bathrooms allow more comfort for longer stays- hence further enjoyment. Cabin features include leather top bed side tables with 230V international power sockets, USB charging sockets, carpets, retractable blinds for hull windows and carpet throughout.

Ensuites: The 5 guest cabins all have ensuite bathrooms. The ensuites are all-white throughout and feature pearl white mosaic tiles and large Hamptons mirrors.

The enclosed shower dividers are toughened glass and all tap ware, towel rails etc are bright chrome and the showers are adjustable on vertical rails. Tecma fresh water flush heads installed throughout

Main Saloon: The main deck is dedicated to entertainment! Large, deep sofas line both sides of the main saloon with dining for 10 to port, and casual seating to starboard. The finishingâ€™s throughout offer a luxurious Hamptons feel, whilst providing casual comfort for on-board living. The large, tinted surrounding windows have electrically controlled blinds and the entire area in Air Conditioned.

Forward in the saloon, is the galley and bar. These large spaces provide good food preparation and service areas, tea/ coffee service as well as socialising whilst looking forward out towards the on-coming view!

Forward of the saloon is also a navigation station to Starboard, providing system control area, suitable navigation vision etc. This area has a custom navigation seat for proper watch keeping at sea.

The four corners of the main deck provide access via stairs to the accommodation areas in the hulls. Large glass and stainless-steel sliding doors open the width of the saloon to connect the aft cockpit to the interior, creating one large entertaining space.

Aft Cockpit: This area is again large and fully covered and has several great features including:

Large servery/ bar on the port side which incorporates sink, Vitrifrigo IM Hydro icemaker, drinks fridge and glass/ bottle storage.

Day bed to starboard with all-weather cushions
 Fixed teak dining table on the aft deck with seating for 10
 Access steps from the cockpit to the water/ swim platforms, swim ladder, Passarella and "Rain Shower" for after swim wash down!
 The aft deck opens to the tender lift which doubles as a huge swimming "island" when tender is launched. The entire area as per the rest of the decks, are covered in teak decking and there is suitable access hatches in the cockpit floor to machinery and storage spaces

Fore Deck Entertaining: The very private forward lounge and coffee table entertaining area is the perfect place for a sun-downer, especially if stern-to in a marina or even when underway under sail!

Flybridge: The flybridge on the 80 sail is another incredible entertainment area, and where you do the sailing. Details include:
 Twin Black composite Helm stations with large diameter steering wheels, all navigation electronics, sail function buttons and helm seat (see below)
 Sailing winches, halyard and sheet leads etc

Large servery/ bar amidships between the helms which incorporates sink, Vitrifrigo IM Hydro icemaker, drinks fridge and glass/ bottle storage.
 Webber Genius gas BBQ
 Large dining table for 10 with sofa and teak chairs, with sunbed behind
 The entire space has a composite hard top for weather protection with lighting, skylights for sail trim as required and clears/ covers for entire area for inclement weather. Floor covering is removable outdoor carpet.

Air Conditioning	Frigomar 186,000 BTU AC System with 3 inverter chiller units and 10 air handlers with digital control in each area of the vessel. The system can run to cool/ heat the air in the vessel
------------------	--

Entertainment	Throughout the main saloon, cockpit and flybridge there are speakers fitted to Sonos Surround 5.1 sound system. The main saloon has a LED 55" TV on lift, located in the bar with Glomex Omni-directional aerial
