The Centurion 45 was a definitive step into modern design for Wauquiez. The boat was built strong, with all the build quality of the Wauquiez, but with a good performance Hull from Jean Berret. The result was a truly beautiful boat to sail. Perfect manners, and a good combination of up and downwind performance. Like many of her sisterships, 'Down Under' has cruised extensively. The three-cabin layout is generous and ideal for family sailing. Her protected cockpit is safe and dry. Strongly recommend this boat. She is very well cared for. Rigging/sails/engineering and aesthetics are all up to date.
