

Wright 52s

General Specs

Length	15.50 m
Beam	5.20 m
Draft	1.10 m
Year	2024
Location	Gold Coast, QLD
Price	\$1,650,000 AUD

The Wright 52s is a remarkable power catamaran that blends superb performance with comfort and style. Its hull design by renowned New Zealand designer Alan Wright, offers a smoother, faster and more efficient ride compared to traditional monohulls, thanks to the twin hulls' hydrodynamics. The boat performs impressively, with twin Yanmar 440hp engines achieving speeds of 28 knots whilst maintaining excellent fuel efficiency required for extended blue water adventures. 'It's All Wright' has proved its ocean-going abilities during her trip from New Zealand to Fiji and back to Australia.

Overall, the Wright 52s is an ideal vessel for both relaxation and adventure. Keeping in mind her large cockpit, rear deck and single level helm design, you can also fit into a standard width marina berth, there is now no excuses not to explore the world!
